

# BARA LAKSHMI AKASH

📍 Bhimavaram ✉ akash80920@gmail.com ☎ 9063981064 [in linkedin.com/in/akashbara](https://www.linkedin.com/in/akashbara) [github.com/Akash-bara](https://github.com/Akash-bara)

## Career Objective

Focused on software and web development, aiming to create efficient, modern, and user-friendly applications that solve real-world problems.

## Education

|                                                                                                              |           |
|--------------------------------------------------------------------------------------------------------------|-----------|
| <b>B.Tech in CSE (Cybersecurity, Blockchain, IoT)</b><br>SRKR Engineering College, Bhimavaram, CGPA: 9.05/10 | 2023–2027 |
| <b>Board Of Secondary Education Andhra Pradesh</b><br>Sri Chaitanya Intermediate College, Razole, 96.80%     | 2021–2023 |
| <b>Secondary School Certificate</b><br>Nalanda (EM) Public School, Percentage: 100%                          | 2019–2021 |

## Technical Skills

- **Programming:** Java, JavaScript, Python, C
- **Frontend:** HTML, CSS, ReactJS
- **Backend:** NodeJS, ExpressJS
- **Framework:** Tailwind CSS
- **Databases:** MongoDB, MySQL
- **API:** REST API
- **Tools:** Git, GitHub, VScode

## Soft Skills

- Communication
- Problem-Solving
- Adaptability
- Leadership
- Time Management
- Teamwork

## Projects

|                                                                                                                                                                                                                                                                                                                                                                                             |                                |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------|
| <b>Netflix-GPT</b><br>• Built a Netflix like movie browsing platform with intelligent recommendation logic.<br>• Implemented secure authentication using Firebase (Sign In / Sign Up).<br>• Integrated TMDB API to fetch real-time movie data and categories.<br>• Responsive UI with protected routes and dynamic content rendering.<br>• <a href="#">View Live</a> <a href="#">GitHub</a> | ReactJS, Firebase,<br>TMDB API |
| <b>Portfolio Website</b><br>• A personal portfolio website to showcase my work, skills, and achievements.<br>• Personal website showcasing projects, skills, and achievements.<br>• Responsive, modern UI, with interactive elements.<br>• <a href="#">View Live</a>                                                                                                                        | HTML, CSS, JS                  |
| <b>Full Stack Dev Projects</b><br>• Collection of small full-stack applications demonstrating practical coding skills.<br>• Calculator, Text-to-QR, Password Generator.<br>• Clean UI and user-friendly flows.<br>• <a href="#">GitHub</a>                                                                                                                                                  | HTML, CSS, JS                  |
| <b>Food Adulteration Website</b><br>• A community-focused platform to raise awareness about food adulteration.<br>• Community site for food adulteration tests.<br>• Interactive layout, improved UX.<br>• <a href="#">View Live</a>                                                                                                                                                        | HTML, CSS, JS                  |

## Certifications

---

- **Fundamentals of Cybersecurity** – [Zscaler](#)
- **AI in Cybersecurity Fundamentals** – [Palo Alto Networks](#)
- **Cloud Security Fundamentals** – [Palo Alto Networks](#)
- **Cybersecurity Fundamentals** – [Palo Alto Networks](#)
- **Network Security Fundamentals** – [Palo Alto Networks](#)
- **Security Operations Fundamentals** – [Palo Alto Networks](#)
- **Introduction to Cybersecurity** – [Cisco](#)
- **Python Essential - 1** – [Cisco](#)
- **Python Essential - 2** – [Cisco](#)

## Internships

---

- **Zscaler Virtual Internship** – [Zscaler](#)
  - Gained hands-on exposure to cloud security concepts and Zero Trust architecture.
  - Learned practical implementation of secure web gateways and threat protection.
- **Palo Alto Networks Virtual Internship** – [Palo Alto Networks](#)
  - Explored network security, cloud security, and security operations fundamentals.
  - Understood real-world cybersecurity practices and enterprise-level security tools.
